CANCER FOR COLLEGE

HONORS SCHOLARSHIPS

EMPOWERING SURVIVORS BUILDING LEGACIES, CHANGING FUTURES

Cancer for College empowers cancer survivors with need-based scholarships, giving them the chance to pursue their dreams through higher education. By funding an **Honors Scholarship**, it's more than financial support—you're honoring resilience, celebrating hope and changing lives. Create an Honors Scholarship that reflects your values and leaves a lasting impact. Together, we can build **Bright Futures**—one survivor at a time.

HOW IT WORKS:

- With an initial \$25,000 investment, create an **Honors Scholarship** that awards \$5,000 annually for four years to a deserving student.
- A personalized **Honors Scholarship** page will be created for you to share with friends, family and colleagues. This will allow them to learn about your initiative and contribute to its success. Together, you can grow the fund, ensuring the ability to award scholarships for years to come.

LET'S BUILD A
LEGACY TOGETHER!

Reach out to The Giving Team today to establish your scholarship and create a lasting impact!
